## Nazarene wounded in Oklahoma Post Office Massacre

Shortly before 6:30 on the morning of Wednesday, August 20, Michael Bigler parked his car in the lot at the Edmond, Oklahoma post office. Immediately to his left, Patrick Sherrill parked his subcompact, got out and began walking toward the building. Sherrill carried his mailbag, recalls Bigler, "He always carried it around instead of leaving it at the post office. That morning I noticed he had blue postal service raingear in it. I never suspected that he had several handguns and rounds of ammunition underneath it."

Thirty minutes later, 15 persons (including Pat Sherrill) lay dead and Michael Bigler was one of eight wounded in what is considered one of the worst one-day massacres in the United States.

Mr. Bigler is a third generation Nazarene who attends the Harrah, Oklahoma Church with his wife, Karen, and children, Matthew Aaron and Kristiana Michael. By "playing dead" after being wounded in the back, Mike was able to escape by bolting out the back door of the post office while Sherrill was reloading his .45-caliber automatic pistols.

"I had been in my area sorting mail when I started hearing a 'pop, pop, pop' sound. At first I thought it was some kind of mock drill, but when I saw Mike Rockne lying on the floor in a puddle of blood, I knew this was the real thing."

Seconds later, the Southern Nazarene University graduate felt the sting of one of Sherrill's bullets. The projectile entered his right shoulder and skipped across the concave portion of his back, missing the spinal column before piercing the left shoulder blade.

"I began saying 'by His stripes I am healed,' over and over. I then sensed the Holy Spirit say to me, 'Mike, play dead.' At this point Sherrill was attracted to another worker. When I heard him reloading his weapons, I fled out the back while another co-worker ran out the front."

Upon leaving the building, Bigler said he was almost shot by

policemen who mistook him for the killer.

The Nazarene postman said he tried to comfort two other injured workers as they waited to be transported to a local hospital. Bigler was one of three persons treated and released. Five others were admitted.

"I believe he (Sherrill) came in expecting to kill 90 to 100 people that morning," adds Bigler. "Earlier in the week he had asked a fellow-worker what time the glass doors in front were opened. He thought they stayed closed until 8:30 am, so he expected many people to be trapped up there. In reality, the front doors were unlocked at 7:00 am and the shooting began at about 7:02. If the front doors had been shut, many more would have been killed."

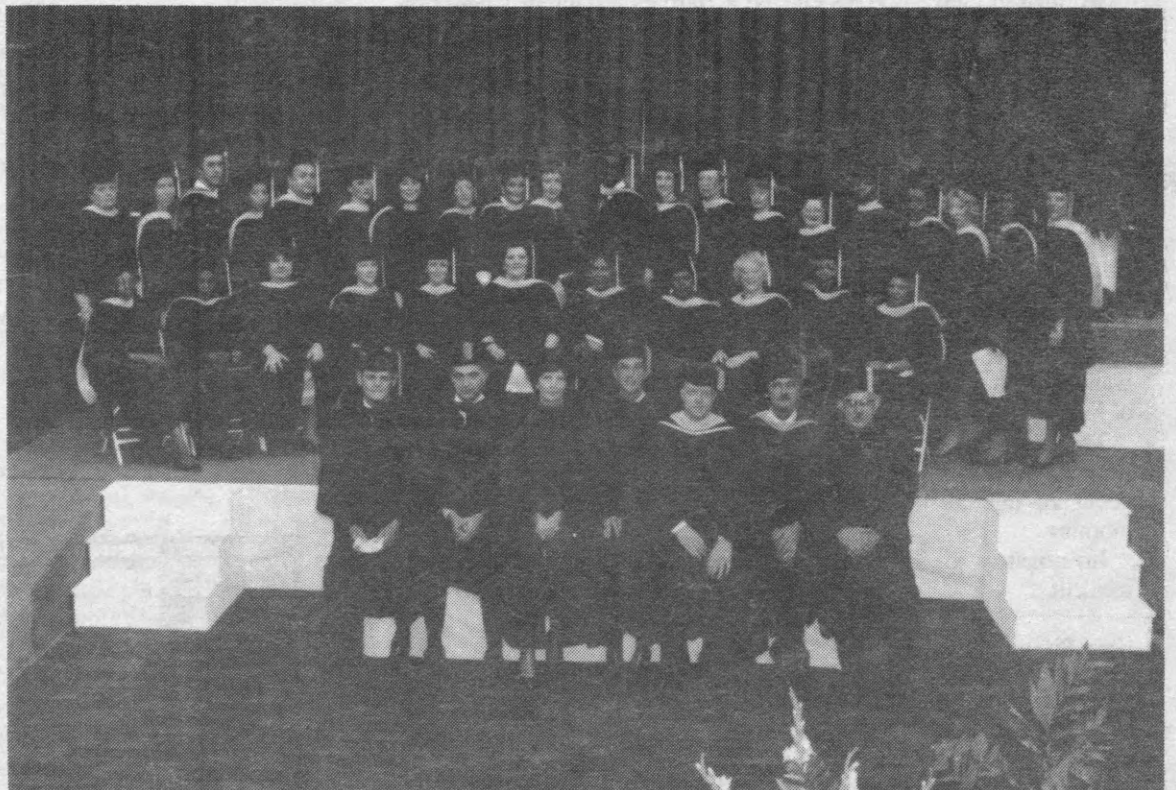

"I just praise God that I was spared. I give Him all the praise," said Bigler. "I also love those that died, and I mourn them."

Mr. Bigler read the scripture at a mass memorial service for his slain co-workers at Central State University football stadium, Sunday, August 24, which was declared an official day of mourning by Oklahoma Governor George Nigh. The memorial service attracted 3,500 persons from the community of 34,000 people, including Governor Nigh, U. S. Postmaster General Preston Robert Tisch, and Edmond Mayor Carl Reheman.

Bigler said his stitches would be removed in a few days. "I went back to the post office to sign some papers, Friday, and I was a bit shaky. I'm not completely whole, but God is helping me. I hope to be back at work in a week or so."

Members of the Harrah church have been very supportive to Michael and his family. They have brought food, flowers, balloons, and one person helped by answering scores of phone calls that the mailman received from well-wishers and the news media.

"I believe God has spared me for some purpose. I plan to follow Jesus wherever He leads."

June Graduation saw 35 receive the M.Ed. Total class for the summer reached 110

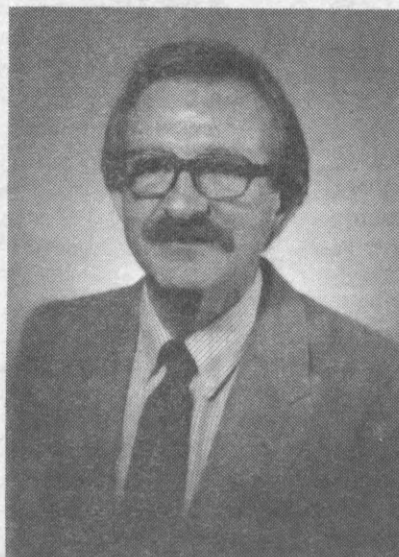

## Congratulations Summer Grads!

Trevecca's first graduate commencement was held on August 10, 1986 with 75 graduates receiving the M.Ed. degree. Along with the 35 graduates in the June Commencement, the total graduates this year in the Master of Education Program is at 110. Dr. LaRue Moss, Coordinator of Off-Campus Graduate Programs in Education, was the August commencement speaker.

The graduate program was started two years ago with 20 students. Presently there are over 400 students enrolled in 12 cities throughout Tennessee. Dr. Melvin Welch is the Associate Dean for Graduate Studies.

Plans are still under way for a new Masters degree program in Religion. Dr. Ray Dunning, Chairman of the Department of Religion

and Philosophy, has completed the self-study prospectus which will be sent to the Southern Association of Colleges and Schools this month. A Committee visit is scheduled for October 6-9. As part of the prospectus, Trevecca is exploring the possibility of offering graduate courses in Religion in the Orlando, Florida area as well as the usual on-campus classes.

### DEDICATION

The editors, staff and sponsors fondly dedicate this years' TREV-ECHOES to the memory of her founding editor:  
**Howard T. Wall, Jr.**

## NAZARENE NEWS

### **Two Dead Following Incident at Fast Food Place in Oklahoma City**

Two men in their early 20s entered a Hardees restaurant where two Southern Nazarene University students are employed on the southside of Oklahoma City at about 3:00 PM, Wednesday, September 3. Waving their guns in the air, the men forced the employees and patrons to leave and then called police to say they had a hostage. Four gunshots were heard shortly thereafter. Police arrived on the scene and placed a phone in the restaurant to communicate with the men, but they received no response. At about 6:30 PM an Oklahoma City SWAT team stormed the building to find the two men dead, apparently of self-inflicted gunshots.

Two students, Pam Deselle and Jeri Miner, both juniors at Southern Nazarene University, are employed at the fast food place and were enroute to the restaurant as the incident occurred. Pam is an assistant manager at the store. Jeri is the daughter of Rev. and Mrs. James Miner of Kansas City.

The seven employees and three customers who were in the store at the time of the takeover were uninjured. The Hardees, which is located about 20 minutes from SNU, reopened for business the following morning.

Investigators are trying to determine the motive for the bizarre incident.

### **Gary Sivewright Elected NYI Ministries Director**

Rev. Gary Sivewright, 39, has been elected NYI Ministries director in the Christian Life and Sunday School Division, according to Rev. Phil Riley, CL/SS Division director. He was elected to the post by the Board of General Superintendents following his nomination by Rev. Riley and Dr. Raymond W. Hurn, responsible general superintendent. The nomination was approved by the general NYI Council and the CL/SS Department of the General Board.

Rev. Sivewright replaces Rev. Larry Leonard who resigned the post to accept the pastorate of Hutchinson, Kansas, First Church. Karen DeSolar, who has served as assistant editor for NYI Ministries, has been appointed editor of BREAD and TEENS TODAY.

### **First Mexico '87 Church Organized**

The first Nazarene church to be organized as part of Mexico '87 is in Cuahutepec, an area of 500,000 in Mexico City. The announcement of the organization was made by Rev. Jose Palacios, Mexico Central District superintendent, during a recent monthly meeting of the Mexico '87 Steering Committee.

The new church was started by Eneas Alegria and was organized under pastor Aner Ruiz. Both are students at Seminario Nazareno Mexicano, A.C. With 15 charter members, the young congregation is currently meeting in a rented place.

Mexico '87 is the name given to the Thrust to the Cities program for Mexico City which officially begins next year and runs through 1991. Plans are being made to organize 100 new churches in the city of 18 million during the first year of the evangelistic campaign.

### **Dwight Rich, Nazarene Missionary, Recovering After Motorcycle accident**

Nazarene missionary Dwight Rich is showing improvement following surgery to place a temporary and a permanent pin in his broken legs, Wednesday, September 3. The 32-year-old minister broke both legs in a motorcycle accident in Quito, Ecuador, August 18. The next day he suffered stroke-like symptoms when bone marrow seeped into his bloodstream causing an embolism.

Doctors were going to perform surgery to set the broken bones last week, but the vital signs of the missionary dropped when anesthesia was administered, so surgery was postponed.

Rev. Rich is reportedly doing very well, except for complaints concerning pain in his legs. His doctors say this is a good sign indicating that the nerves in the affected areas are working properly. A CAT scan showed no brain damage, but he is suffering from swelling in his eyes, especially his left one, which is causing blurred vision. Physicians say this condition may last six months to a year and that Rev. Rich may need to wear corrective lenses.

## WNAZ 24 hours

Listeners to Trevecca's WNAZ began hearing their "Christian Music FM" 24 hours beginning September 1st. WNAZ decided to go 24 hours in response to listeners requesting more late night and early morning broadcasting. Beginning at midnight and ending at 6:00 am, inspirational music is provided by the services of "Music Through the Night," a satellite service.

Response has been encouraging. The station has already received a number of calls from listeners telling how much they enjoy the new format. John Wesley, WNAZ's station manager,

says that "This program helps provide a sense of peace in some of the listeners life."

WNAZ is now able to say that they are the only Christian FM station in the area that broadcasts 24 hours a day.

WNAZ has also made changes in their Saturday night programming. Saturday nights now have a full line-up for teens and young adults. "Christian Count Down" starts things off by playing the top 20 Contemporary Christian songs in the nation. "Count Down" starts at 7:00 pm. "Saturday Night Alive" follows at 9:00. The show is

hosted by Ron Hutchcraft, the New York director of Youth for Christ. The program deals with teen issues and problems. Each show has a selected theme. Music and skits dealing with the theme are used.

10:00 is the time for "Cross Walk." This music show is the number one syndicated Progressive Christian Music Program in the nation.

"Neon Knights" begins at 10:30. Trevecca DJs Burt Sumner and Scott Winchel host an hour and a half of progressive Christian music.

## Wise and Bud remain open

By Joe Bell

Much to the relief of the supporters and occupants of Bud Robinson and Wise Dormitories, the two student residences will remain open this academic year.

The decision made by the President's cabinet on July 7th was to keep Bud open and allow the first floor of Wise to remain open for the 1986-87 year. After much discussion, along with demonstrations, petitions and some prayers by the Wise and Bud residents last Spring, the cabinet decided that the two dorms more than made up for their additional cost with the contributions they made to the school life.

Wise and Bud have a tradition of adding more to the school than their size would indicate. As Resident Assistant of Bud, Rachel Adams sums up the attitude when she talks about the "family-type" atmosphere she and new R.C. Judy Hutton have found at Bud. Most students cite the closeness of the people in the dorms as their main reason for living there. The "Wise Guys" are also known for their support of the Trojan basketball and tennis teams, as well as outdoor parties in the spring. Bud and Wise have both added in the past to Trevecca's image and spirit, and we can look forward to more of the same this year as we all strive to grow as individual students and as a school.

## WELCOME BACK STUDENTS!

## ASBeat

with  
Mardon Day  
ASB Executive Vice-President

On behalf of SGA, I would like to welcome you back to dear ole' TNC. If you're here for the first time, I'd like to welcome you most of all. For all returning students, you have probably noticed a few changes around campus. The most talked about seems to be the new furniture in the girl's dorms. Stop in and check it out if you haven't already. There have also been some improvements to the grounds in front of the Administration building.

Trevecca has some new additions to the faculty this year: Dr. Paul Dunn, Professor of Business; Dr. William L. Griffin, Professor of Education; Mr. J. Mark Hall, Media Services Librarian; Mrs. Deborah L. Hinkle, Education Coordinator for the Physician Assistant Program; Mr. Brian Kilian, Assistant Professor of Music; Dr. Gerald M. Moredock, Associate Professor of Allied Health and Chairman of the Allied Health Department; and Mrs. Peggy Probst, Instructor of Computer Information Systems. We would like to welcome these new members into our family.

Now let's brag on Student Government a bit, all the way from ASB President, Joel Williams to Sophomore Class President, Shelley Love. We could tell from last year that the 1986-87 Student Government was going to be exciting and busy. It has taken a couple of days for us to really get into it, but everything is looking great. Unfortunately there are a couple of offices that are open again because of non-returning students, but the elections for these offices will be soon.

There are a lot of interesting ideas floating around the office; all we have to do is tie them down and work on them. I won't spoil the fun by letting on too soon, though, so hang on because we have a lot planned especially around Homecoming.

If you're one of those people who like to get involved, we have what you're looking for. September 17 is the day scheduled for club rush. If you're looking for a club, you'll want to be there. If you are of the political sort, Freshman Class elections will be held October 1st. If you just like to hang around while those of the political sort make all-important-life-changing decisions, we have SGA meetings every Monday night at 9:00 pm in Conference room 304 of the Jernigan Student Center. We would be more than happy to have you visit.

I hope that you are looking forward to this year with as much enthusiasm as I am. We have a great opportunity in front of us; let's make this year a memorable one. Let's endeavor to give God our very best, for this is what He asks for. Anything less is nothing more than our worst.

## Editors point . . . .

I was one of the millions who watched as a hundred or so performers donated their time and talents to LIVE AID. I even bought "Do They Know It's Christmas," which started it all. I've read about FARM AID and HEARIN' AID and all the others. It seems that the mid-eighties will be known as the year of compassion. "The whole civilized world took up the banner of suffering humanity and fought the fight," the textbooks will read

I was among those millions who watched the starving children in Africa, and India, and Central America. I've seen the specials, just like we all have. And somewhere inside of me, I felt good about my contribution to the effort. The emaciated kids with bloated bellies began looking more healthy as I wrote my check.

Now, as the popularity and hype of USA for Africa and Band-Aid has died down, those pictures of the little kids with sticks instead

of limbs start coming back. I blink and they're still there. Maybe it's time for another check or to buy another album, maybe it is. With compassion still running strong in the country, maybe something can be done.

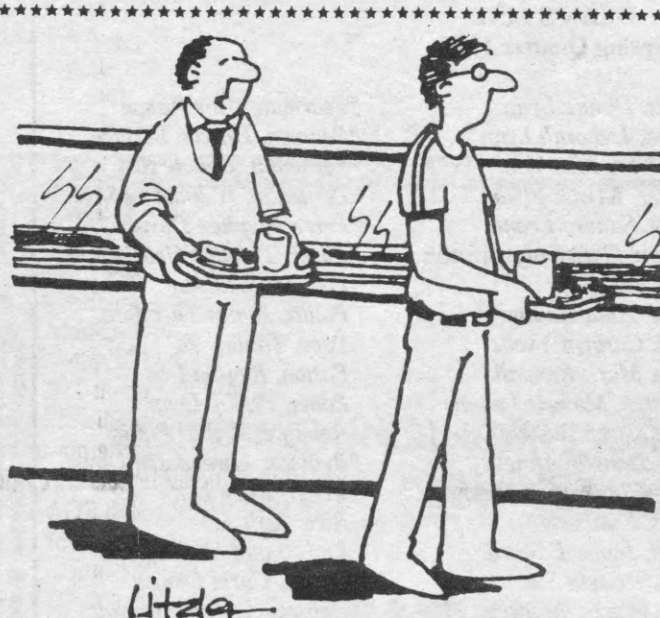

But it seems like a cruel joke. This trend for compassion is new and fresh, yet God and his church have always stressed compassionate ministries.

What better picture do we have of a man loving another than when Jesus, dying, comforted another hanging beside him. In the middle of his performance to rescue humanity, Christ stopped long enough to go one to one. A cosmic event summed up in two dying men's last words.

Since that time, Jesus added more to his emphasis on compassion. His conversation with Peter focused on the result of Love. "Feed my sheep." The Acts talk about compassion. "Silver and Gold have I none . . ." and all that. Early history shows a continuance of the demand of God for compassion. Even early Nazarene-dom stressed helping the needy. So much that it became a trademark for our denomination.

And now it's the eighties. Millionaire Performers decide it's time to help. Cocerts, albums, money, fame and lots and lots of free publicity. So Prince didn't want to be a part? That's okay, two days of bad press and even the Kid joined the bandwagon.

SO I KNOW IT DOESN'T COME IN  
BLOCKS LIKE THIS."

College Press Service

## Fullness

With Doreen Pearson

"Is the Lord's arm too short?" It seems like a silly question, but the Lord himself brought this question before Moses in the desert. The Israelites had been complaining about lack of meat to eat. The miracle of the manna sent from God was not enough for them; they wanted more. The Lord told Moses to tell the people to prepare themselves to eat.

Now Moses was facing six hundred thousand men in a desert. Even if they killed all the flocks and herds they wouldn't have enough meat for them all, and God says that He is going to feed them meat for thirty days. Six hundred thousand men is an awfully large number of people. Moses had doubts. How could this be done? It didn't seem possible. But it was. And God fulfilled His promise. He said to Moses, "Is the Lord's arm too short? You will now see whether or not what I say will come true for you." (Numbers 11:23)

What is it that seems impossible in your life today? What is that situation you just can't seem to get out of or away from? Maybe your problem looks just as "reasonably" impossible as Moses' problem did. God will come through for you if you trust Him — actively. Nothing is impossible with God. Do we really believe that? If we do, what difference does it make in our daily lives? His arm is not too short.

## Dan Peek in concert tonight at TNC

Dan Peek performs tonight in Benson Auditorium

Success comes very naturally to Dan Peek, who was an integral part of AMERICA, one of the foremost rock groups of the seventies that made eight successful albums, a dozen hit singles, and musical history in less than a decade. Dan was chiefly responsible for founding the group and contributed to their constant string of #1 hits with songs like, "Today's the Day," "Don't Cross the River," and "Lonely People," to name a few.

Dan is now on his own, having premiered with his first solo album, "All Things Are Possible," which enjoyed tremendous success, climbing the charts and breaking a record for being in *Billboard's* Adult Contemporary chart for 34 weeks. In addition, "All Things Are Possible" was nominated for a Grammy.

Dan will appear tonight in the Benson Auditorium on Trevecca's campus. Trevecca's Student Government Assembly is putting on the show which starts at 7:30 pm and is open to the public. Tickets are \$7.00 at all Ticketmaster locations. Student tickets are available on campus through SGA.

While in high school in London, Dan met the other members of what later became AMERICA.

Enthusiasm for their music gained tremendous popularity in the London area and the group soon caught the attention of Warner Brothers recording label. A recording contract was obtained from them and soon AMERICA's popularity spread throughout the world with their first single release, "Horse With No Name," which became #1 both in England and in the United States, even before their first promotional tour was completed. The group won a Grammy in 1973 for Best New Artist of the Year. In the span of eight years they recorded eight albums — all of which went gold, four platinum.

They conducted 32 nation-wide tours and three world tours, as well as numerous television appearances, including a Bob Hope Special. Dan has made many more TV appearances as a soloist on the 700 and PTL Clubs and Robert Schuller's "Hour of Power." He has also hosted for a week on "100 Huntly Street," a popular Canadian TV show.

When Dan is not touring he makes his home in a small mid-western town with his wife, Catherine. He spends much of his time

preparing material for future albums and is involved in producing albums for other artists.

Dan Peek looks forward to the future with excitement and anticipation of what God has in store for him. With a new life in the country, his first solo album still enjoying tremendous success, we believe that "all things are possible" with this talented young artist.

*Tonight's Fall concert is the first of three sponsored by the Student Government Assembly. This opening concert is the first major activity sponsored by Student Government this year.*

*The other upcoming concerts sponsored by SGA this year are Rick Cua and Larnelle Harris.*

### *Daniel Peek's Career Accomplishments*

*As a founding member of the pop group AMERICA, Dan's accomplishments include: A Grammy in 1972 for the Best New Artist of the Year, eight record albums, ALL gold, four platinum (AMERICA, HOMECOMING, HAT HISTORY), the first group to be awarded a platinum album by Warner Brothers, songwriting credits on six hit singles ("Lonely People," "Don't Cross the River," "Today's the Day," "Don't Cry Baby," "Woman Tonight"), hit single and a commercial for the Japanese clothing company "Sim-*

*ple Life," various television appearances, including the 1976 Bob Hope Special, over 32 stateside tours and three world tours.*

*As a solo artist, Dan's accomplishments include: Numerous awards for "All Things Are Possible" (Grammy nominee, 1980; Billboard AC Chart for 34 weeks; Billboard Hot 100 Chart for 3 weeks; Contemporary Christian Music for four months), single "Ready for Love" top 10 AC in Canada, "Doer of The Word," #2 Contemporary Christian Music for two months, "Holy Spirit," "Redeemer," Contemporary Christian Music, Chart singles.*

## EDITORS . . . (from page 4)

The punchline to this cruel joke is Christian. Dedicated to the mission of God, he has plodded along through 198 decades of work. He stops and watches as the fads come and go. The Jesus movement in the early seventies, and there's a pause and a smile. Maybe now the world can hear. For years witnessing is stressed and many sign up. But Star Wars and Preppies jump in and stop it all. The Christian begins again not smiling as much.

least they'll eat tonight." As the church behind him cheers and joins in the push, if we look really close, we'll see our Christian start to walk again. Happy that there is money and food and help. For now. Maybe it won't stop. It doesn't matter. Christian will keep going. He's been there all along. Through too much bad press and condemnation, Christian will continue to feed and heal and touch. Even when the band-aid falls off.

Disappointed. Then the big thrust on Discipleship comes. Again there's hope for our worker. Maybe with a few dedicated people we can get some work done. But the preps grow into yups and watch LIVE AID.

Our Christian stops again. He sees money going to places that he has worked in for years. Millions of dollars in aid going to areas that are in desperate need. Christian gently cries, "If nothing else, at

## Forum Tonight

Does God have hair and fingernails, and if so, how do we worship him? Have you ever asked yourself that question? Well, someone has because that is the title of this new school year's very first FORUM.

In case you're new to Trevecca, or just haven't taken the time to become informed, the FORUM is

an informal gathering of Trevecca people who get together to talk about things. It doesn't matter what sometimes, just things.

If your Enquiring mind wants to know, join us at 7:30 Friday evening in Jernigan Room 307. This very first FORUM will begin and end about when we decide to let it.

## Take it with you

"You Can't Take It With You" is a Hilarious comedy about an off-the-wall family in New York that accepts stray humans as they would accept stray pets. There's a "mad" Russian (non-communist variety), a would be actress, five men in love with fireworks and printing presses (in that order), a Wall Street millionaire and wife, a "bag lady" and lots of sundry people who drift in and out. "You Can't Take It With You" has been made into a film starring James

Heward and has seen numerous Broadway revivals. The characters are lovable as well as "kookie." Most of all they love each other.

There is a need for a large cast (9 women, 8 men) and a large backstage crew. Tryouts are Monday and Tuesday, September 15 and 16 between 4 pm and 7 pm. Scripts are on reserve in the library. There is academic credit available for work on the production.

### American Heart Association:

## Americans eating habits on the upswing

The more things change, the more they reflect our past which is true of our eating habits too.

According to the American Heart Association, the past two decades have shown a return to some of the more healthy eating habits of our ancestors.

Statistics show that our consumption of beef, animal fat, eggs and sugar has declined, while our consumption of fresh fruit, chicken and turkey, fish and vegetable fat has increased.

These changes in eating habits have, in all probability played a role in the 30.7% decline in total

heart disease mortality rates from 1972 to 1983.

Many things have helped this decline. Diagnosing and treating heart disease has come a long way in the past two decades. People are smoking less and having their blood pressure checked. Overall, people are more informed about their health.

However, cardiovascular disease still accounts for almost one half the deaths in the United States and Tennessee. While our health habits have improved, we are still behind the times compared to our counterparts of the 1920's.

## Seaman opens Fall Chapel Schedule

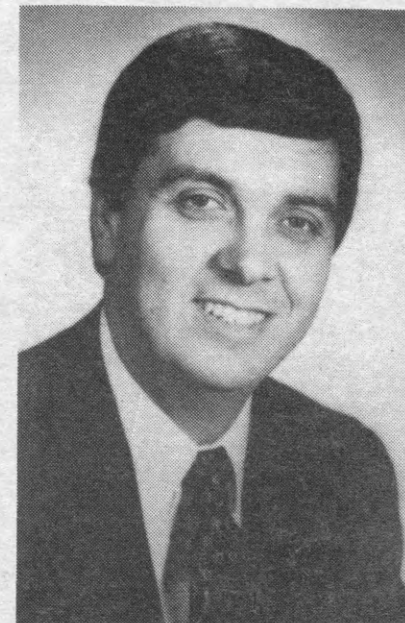

Rev. John Seaman was the guest speaker for TNC's "Opening Convention" in chapel Wednesday and Thursday and the opening speaker in the Wednesday Prayer and Praise service. Rev. Seaman's engaging personality, friendly attitude, and challenging messages made him the ideal speaker for this important series.

Missionaries since 1976 for the Church of the Nazarene in Martinique (French Antilles), John and his wife Linda will begin a new assignment in French West Africa after their present furlough.

Next week, Trevecca will have Dr. Steve Manley as Fall Revival Speaker. Manley is one of the most respected and sought after speakers in the Church of the Nazarene. Many students will remember him from Nazarene World Youth Congress in Oaxtepec, Mexico.

Dr. Manley will be in the services Tuesday through Friday. There will be no Monday chapel in lieu of the Friday service.

Other highlights of this quarters Fall Chapel Schedule are Chaplain Dunnington's series "Sex and Dating" and the Youth in Mission presentation, both in October.

### TREVECCA DAY!

at Grace Church

September 21

## TNC Women's Volleyball

# Ready for Season

By Teddy S. Mintz

Trevecca Nazarene College Girl's Volleyball Team kicks off its 1986 season, September 30 against the University of the South. The team will be led by returning coach Mary Anne Stalvey. Coach Stalvey is a freshman TNC graduate (1984) and a three year veteran of TNC girl's Volleyball team.

Coach Stalvey expects this season to be a great year. So come on out and help support this years team. Good luck girls!

This year's team will rely heavily on the experience of four returning players: Cara Patterson (Senior), Michelle Beuss (Junior), Beth Rice (Sophomore), and Annette Winkle (Sophomore). Trevecca is also expecting great things from two incoming freshmen. Dawn Hinson, a Glencliff High School (Nashville) graduate, and Rhonda Benson, a Lighthouse Baptist High School (Nashville) graduate, will add their talents as TNC tackles its 1986 opponents.

Anyone (just you girls now) interested in trying out for the team should

contact either Coach Stalvey or Carolyn Smith.

## New Fitness Court ready for Use

A new outdoor Fitness Court has been added to the Trevecca campus this Fall. Located beside the Physical Education Center, the new court is ready for use by all college personnel. Thanks to a \$6,000 grant from the National Fitness Campaign sponsored by Wells Fargo Bank and St. Thomas Hospital, TNC joins the 600 colleges and universities and 12 local locations

which now have the Gamefield Fitness Court. It was designed by the Stanford University Heart Disease Prevention Center and the Arizona Heart Institute and includes five self-guided activity programs, including specialized aerobics, weight loss, and body building applications that embrace a wide range of fitness, health, and intramural and individual sports interest.

Domino's Pizza welcomes you back to campus. For over 20 years we've been delivering hot, tasty pizzas to hungry students across America.

The best part (besides the pizza!) is that you don't have to wait in line. Domino's Pizza Delivers.™
